

More Critical Acclaim for Denny Zeitlin's *Homecoming*

“On ‘Homecoming’ he avoids drowning in the tedious repetitive rapture of much of New Age music. Though within that musical stream, Zeitlin repeatedly draws on jazz rhythms, chording and improvisation to create the warmest and most inventive piano album among that genre’s recent releases. Not a jazz disc, it is jazz that gives ‘Homecoming’ heart and soul.” - PHILADELPHIA TRIBUNE

“Zeitlin has had a long and varied career in music. This fine debut on Living Music, a Windham Hill subsidiary, opens another door for him.” - MILWAUKEE JOURNAL
